Subject: FN0946-COMMERCIAL - Invertebrates: Sea Urchin - Green - Licence Document and Quota Correction

All Green Sea Urchin by Dive Licence Holders and Harvesters, who have paid the licence fee and have obtained issuance of the 2018 Green Sea Urchin by Dive licence, are advised that the stated quota amount (10,036 pounds) on the issued licence is incorrect. All licence documents that have been previously issued to date are no longer 'Valid' and have been replaced with licence documents reflecting the correct quota amount of 11,800 pounds.

Please log into your National Online Licensing System (NOLS) account now to obtain (print) the corrected licence document. Please review the licence document closely to ensure that you have the correct licence document with the correct quota amount of 11,800 pounds.
